

Welcome Pathways to Wellness Clients

To our friends at Pathways to Wellness,

We are honored to be Dr. Cobb's recommendation for future veterinary care, we know how amazing her practice is and are excited to see her follow her passion to optimize spay/neuter care through Ace of Spays while still providing for your alternative medicine needs. At Audubon Family Veterinary Center we are equally passionate to provide a warm and inviting environment that allows us to give the best care possible to your pets.

Our doctors and staff are trained in Fear Free techniques so we can make visits to the vet as stress-free as possible. We focus on Wellness, Sick Visits, Surgery, and Dental Care. Our onsite pharmacy allows you to get what you need safely, conveniently, and at the best price. We have specially designed rooms for just cats and just for dogs. The rooms are tailored for your pet to feel comfortable and even have a little fun. Learn more on our website, audubonfamilyvets.com

Dr. Torre, our owner, wants to take this opportunity to invite you to the Open House we are hosting just for Pathways to Wellness patients. Meet our staff, see our facility, and ask any questions you may have. The Open House will be on Saturday, June 24th from 12pm to 3pm and we would love the opportunity to meet you!

At Audubon Family Veterinary Center, our mission is to provide the best veterinary care available to promote the health and well-being of family pets in all life stages, with an emphasis on empathy, professionalism, owner education, and individualized care. And after your first visit, we are confident you will know it to be true. With this in mind we would like to offer you \$25 off your first exam with us, just mention you received this letter.

Sincerely,
The doctors and staff at Audubon Family Veterinary Center
